## PAPER SHOWDOWN

Technical Paper Presentation typically refers to the process of presenting a detailed, structured report or research paper on a technical subject. This is common in academic, scientific, or professional conferences, where individuals present their findings to an audience of peers or experts in the field.

# ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

## CODE DETOX

Code debugging is the process of identifying, isolating, and fixing issues or "bugs" in a computer program. It's a critical skill for every programmer, as even small bugs can prevent applications from functioning correctly.

# ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

## MOBILE WARRIORS

These are large-scale, organized tournaments where professional players or teams compete for significant prizes, sponsorships, and global recognition. Some well-known mobile games have established themselves in the esports world.

## FOOD TREK

Food Games is a broad and fun category of games where food plays a central role in the gameplay, whether it's through cooking, serving, or simply incorporating food themes in the game mechanics. These types of games appeal to people who enjoy cooking, food-based puzzles, or food-themed competitions.
