UG Curriculum Suggestions

- Since problem solving and python programming is common to all departments, can be shifted to 1st semester
- Flow of Mathematical papers
  - Calculus and its application
  - Complex variable and transforms
  - Discrete mathematics
  - Probability and statistics
  - Algebra and number theory
- Instead of IT essentials and lab fundamentals of computing can be added with lab
- Object Oriented Programming can be implemented using Java
- Project credits can be reduced
- Mobile computing can be removed
- Mini project can be included only in 7th semester
- Cloud computing lab can be replaced by mobile application development lab
- Suggested to remove one of the professional elective from 7th semester

PG Curriculum Suggestions

Research Methodology and IPR subject can be added to the PG curriculum
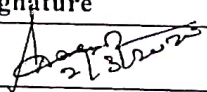

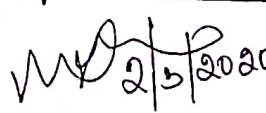

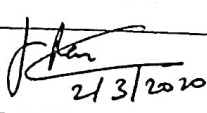

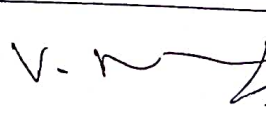

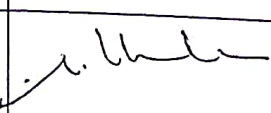

General Suggestions

- Prerequisites can be ensured
- Credits can fixed maximum of 165 for UG
- Department specific courses can be included in electives(CISCO and Intel IOT)
