Cognizant

I would like to pen down my boundless experience, where I had the best learnings of my life. I decided to do my master's in Business administration after my Graduation. Currently working as an HR Coordinator in Cognizant.

During the academic year 2016 -2018, HOD and staffs were the pillars and backbone of DOMS. Even though they were strict but jovial, their teachings, dedications and other academic activities with the support of students were remarkable, this made me to achieve 6th rank in Anna University.

We were attended many Guest lectures with Managers and Associates of Top branded companies, which created a virtual experience. More than that Ideation, Management day, Club activities and placement Training all these activities was a platform for us to learn and grow as professional budding managers. We were blessed and grateful to be a part of DOMS during that glorious years.

In SAEC the facilities are very helpful and are well versed in their respective domains. The course structure is well planned and makes the student industry-ready. They mentor us in every way

possible. They are always ready to help the students. All faculty members are very well qualified. It's a beautiful campus to be in. You get a lot of good exposure here.

Studying in S A is a life where I have learnt the meaning of True happiness. I would like to thank everyone who gave me enough knowledge. It is not only related to education I was able to learn the life tips which is beyond education. As I know it is not only a college, it's a temple, The Knowledge House is the perfect name for it. It has been 2 years and I got so many memories to cherish. Every faculty has motivated me in forming the beautiful carrier. Finally I would like to express my heartfelt wishes to all the staff members in the college who are responsible for many great personalities and carriers.
